

Download Bible Explorer and follow along with the Pastor Tim's outline and read scripture from the Bible on your laptop.

Go to <http://www.bible-explorer.com/>

On the top menu select download Bible Explorer (Choose PC or Mac)

Click "Download Bible Explorer for Windows" (Read system requirements to make sure you have what is needed to load the software)

Screen says "Do you want to run or save this file?" Click "run"

NOTE: If you get an Internet Explorer Security Warning "The publisher could not be verified. Are you sure you want to run this software". Click "run"

Next screen will say "Welcome to setup for BE Downloadable edition". Click "next"

Next Screen, License Agreement, Select I accept the terms and click "next"

Next screen will say "Install Application". Select "install both the software and the books in this collection". Click "next"

Next screen will say "Destination folder". Both boxes should be checked. Click "next"

Next screen will say "The set-up program is now ready to configure BE downloadable edition to this computer". Click "next"

Next screen will say "Look for step books?" Click "no and next"

Next screen says "Downloading books". Click next.

Next screen says "Additional Free Books". Click next.

Next screen says “Completing setup for Be Downloadable Edition”. Click finish. (DO NOT CLOSE ANYTHING! It will take a few minutes to download and will show a list of items downloaded when completed. Click done

**How to open and download free books/bibles: (you will want to do this as Pastor Tim often used the bible translation called Gods Word)**

Click on Bible Explorer 4 icon on your desktop

Information Screen - click “ok”

Program settings – (select your internet connection, most will be permanent), click ok

Bible Explorer comes up, click on “Browse Add-on Books”

Next Screen “Product Registration”. Click “Yes, I’ll register now

Click “register electronically

Complete personal information forms (2). Click “next” on first form,

Click register on second form

Next screen “Information” will list books that have been unlocked. Click “ok”

Click done

On the left click the + sign beside my library

Click on the + sign beside Bibles

Click on the ? beside God’s Word

Screen will say “install missing books”. Click on Install from Internet

Screen will say “downloads”. Click “start downloading” (This will take a few minutes and you will see books downloading, moving from pending to in-progress to completed status)

Confirm screen will appear. Click “yes”
